Thanks so much for your time!.....Ray

- 1) This was my first out-west elk hunting experience. The high camp far ~~so~~ exceeded my expectations in terms elk density and overall hunting experience. The hunting grounds were stunning and the guides did an excellent job of providing our group with shot opportunities and close encounters.
- 3) All staff were friendly, knowledgeable, and a pleasure to share camp with. They really enhanced the atmosphere of camp.
- 4) Weylon Hinds was my guide for the majority of the trip. He helped me harvest my first elk, a beautiful 6x6 bull. He got us close to elk on almost every single hunt and was excellent at calling. My only criticism is that he may be slightly too aggressive at times with stalking as there were 2 instances where we bumped elk. Otherwise he was excellent and did a great job of quartering my elk deep in the timber.
I also had the opportunity to hunt w/ Jack Wagner on 2 hunts. He was very knowledgeable and provided us with several close encounters. My only criticism for Jack would be that he seemed to not be aggressive enough with his calling.
- 5) Mike provided us with delicious several-course meals throughout the trip. Mike enhanced the camp atmosphere and ~~was~~ it was so much fun spending time with him.
- a) Milligan Brand should definitely consider making a social media page on Instagram.
